

IFMA August 19, 2009
Program Recap

Nearly 60 members and friends visited Alberici on Wednesday, August 19th to hear Maren Engelmohr with Forum Studio present – *“From Green to Great – How good design creates great green environments.”*

Maren is the Director of Interior Design at Forum Studio, and has 20 years of experience as a registered architect and LEED accredited professional specializing in interior design and sustainable buildings. She has delivered a variety of presentations on green building at numerous local, national, and international conferences. Her work on Alberici Corporation’s headquarters in St. Louis contributed to the building’s designation with the prestigious LEED Platinum certification from the U.S. Green Building Council.

On behalf of our chapter, we thank Maren for her excellent presentation! We also thank Grant Lanham for hosting this event at one of St. Louis’ LEED Platinum buildings - Alberici.

Lastly, this program was approved for 1.0 CFM and FMP Maintenance points. For those that missed this informative event, Maren’s presentation can be downloaded below.
