

**St. Louis Chapter of IFMA  
New Member Breakfast  
Wednesday, November 4<sup>th</sup>  
CI Select**

Over fifty members attended this year's New Member Breakfast. On behalf of our chapter, we thank Vicki Woodside and Tami Martens from CI Select for hosting our event.

This informative program was all about our members and what IFMA St. Louis can do for them. Grant Lanham, President of our chapter spoke to our members about chapter accomplishments, educational opportunities, upcoming special events, and the Partner with IFMA Sponsorship program, one of the chapter's major fund raisers. In addition, Grant reviewed the new features of our chapter's web site, a great resource of information for members. The recently added "forum" creates an avenue for members to discuss common issues.

Jim Stueber, Program Chair, gave an overview of what he and his committee are currently working on for 2010.

Kurt Molitor, Membership Development Chair stressed to members the importance of involvement within our chapter. He reinforced to the membership that their ideas and concerns are important to the growth and success of our chapter. Kurt also reminded members to make it a point to visit the IFMA headquarter's web site [www.ifma.org](http://www.ifma.org). The "FM Journal", Jobnet, and on-line education is available through headquarters; a major benefit to members.

Lastly, Grant reminded members that our Holiday Social and Awards Presentation is scheduled for Wednesday, December 10<sup>th</sup>, at the Alberici's Headquarters. This year, the chapter will be participating in the Adopt-a-Family Holiday Program, sponsored by Children's Hospital. Chapter members will have the opportunity to make a family's dreams come true. Details will be available shortly.

On behalf of our chapter officers and committee chairs, we thank everyone for attending this informative program.
